French Art de Vivre

PARIS

Edito

This season Roche Bobois writes a new chapter in a story that continues to express a contemporary vision of *French art de vivre* by presenting a considered, balanced selection of new designs and original reinterpretations.

Designers Maurizio Manzoni, Sacha Lakic and Philippe Bouix (to name but a few) each conceived designs imbued with great elegance, reflecting their respective talents and sensibilities.

Featured among the reinterpretations, the Pulp table designed by Eugeni Quitllet is unveiled in a new Carrara marble version that adds a sculptural dimension to this signature piece.

Come and explore the full range of designs and extraordinary talent making up this collection, both in our showrooms and at roche-bobois.com.
