Designing a collection is first and foremost about uniting talented individuals.

The Autumn-Winter 2025 collection was born from creative dialogs, converging views, and unprecedented collaborations.

This season, Roche Bobois opens a conversation between design and cinema with an exceptional collaboration with Spanish film director Pedro Almodóvar.

In addition to this collaboration, the collection offers many new creations that balance creativity, comfort, and savoir-faire, all with the signature touch of French boldness that defines the essence of Roche Bobois.
